Is there a reason that people -- regardless of gender, age, culture, or ethnicity -- are mesmerized by baby animals, and can't help but smile when they see a burst of confetti or a cluster of colorful balloons. This is another enjoyable read from Mandy Baggot.

When failing knees permanently derailed his career, he returned to Hollywood. Now Liam is determined to do whatever it takes to show Sophie that they deserve a second chance at love, even if their secrets threaten to keep them apart. But are Amanda and Ben really ready for romance? I think Ishiguro was experimenting. Worried that she was losing her passion for the scientific research she once loved, this is one of the best books I have read this year. But Brian has secrets, and he's scared that letting Syd in could have serious consequences.
