From Wikipedia, the free encyclopedia. In looking to achieve the Millennium goal on women's development, the Nigerian government initiated the Women's Fund for Economic Empowerment and Business Development for women entrepreneurs, while "second chance" was meant to re-introduce dropped out women due to pregnancy back to school.

Boosting the morale of women to stay committed, faithful and the essence of work. Microfinance institutions don't address cultural barriers that allow men to still control household finances; as a result, microcredit may simply be transferred to the husband. To address these sensitive issues within a specific community and cultural context it is key to identify and work with local partners. Because this is a participatory process, it facilitates conversation on gender discrimination. Empowerment is not something that can be done to or for women. Women, nowadays women's empowerment must not mean simply adding to their burdens of responsibilities or building expectations of women as 'sustainability saviours'.
