John Girling. In that way Vesalius pioneered a paradigm shift
from the concept prevalent till then that dissection being
used as an extension of illustrations in anatomy to the
acceptance of cadaveric dissection as the most significant
tool from which students would learn anatomy. Park K.
YaleJBiolMed. This could be attributed to lack of awareness
along with firm religious beliefs and customs, apprehensions
concerning handling of donated bodies and lack of mindset to
accept dissection of one's own body []. About Ken Booth.
However, by the middle of the 18th century it became evident that the body sup
