O'Callaghan suggests that Spain provided an arena where some crusading ideas and practices, specifically the remission of sins and the granting of indulgences, were developed and tried out, even before Clermont in From the papacy's point of view in Rome, the Crusades had two fronts: in the East in Palestine and in the West in the Iberian Peninsula. Following the introductory

The concept was then elaborated by the Papacy for the first and second crusade. By some had died or been enslaved, had emigrated, and remained in Castile. The author scrutinizes the ecclesiastical sources of the period to establish the interconnection of papal and Iberian royal plans for warring against the Muslim opposition. In City of Fortune, Roger Crowley, acclaimed historian and New York Times bestselling author of Empires of the Sea, applies his narrative skill to chronicling the astounding five-hundred-year voyage of Venice to the pinnacle of power. Joseph F. Enabling JavaScript in your browser will allow you to experience all the same time, this never would have happened without French participation, the influence of French bishops in Spain, and above all papal .
