To be a Christian means to have hope even in darkness, Pope Francis says

The Hope of God's Light. By President Dieter F. Uchtdorf. Second Counselor in the First Presidency. As we seek to increase our love for God and strive to love.

TO SHINE AS A BEACON OF HOPE - Home

But even though we may feel lost in the midst of our current circumstances, God promises the hope of His light?—He promises to illuminate the way before us.

The Hope of God's Light

We are a community of faith dedicated to serving our Lord Jesus Christ, each other and the world. Our call is to "Shine as a beacon of hope" and embody the.

Looking towards the Light of Christ - Taizé

In a very dark place, there was still hope. There was still the light of Christ. One day a couple took their son, 11, and daughter, 7, to Carlsbad.

In fact, the heavens begin to part and the blessings of heaven begin to distill.

From my own current experience in the Aged Care sector, I welcome for example the initiatives of Meaningful Ageing Australia who are bringing to the attention of the Aged Care industry the critical importance of Spiritual Care, informed by but not limited to the rich tradition of spirituality within Christian denominations. The authors have presented for The Hope of the Light of Christ a timely apologia for the creation, nurturing and celebration of these Kingdom Communities, and provided us with a roadmap, or as the text describes it, a blueprint p54 for a new way to be and do church, but one that at the same time recognises and affirms the validity and role of our traditional ministry expressions around parish communities.

It helps the faithful to seek salvation in the correct manner and to be led to it. A dramatic and fundamentally limiting consequence of The Hope of the Light of Christ historic transition, the inherited structural models have resulted frequently in a separation of ecclesial and care agencies, a preference for denominational entities to look to the preservation of their historic structures rather than to seek spirit-driven partnerships, an assumption that there is a clear divide between areas of

social concern on the one hand and church health on the other with little or no recognition of the mission objectives of one side of this divide by the other, a drift towards the service delivery side away from the traditional expressions of liturgy and worship and the reality that theological educators and researchers have not kept up with the changing dynamics of church expression.
