Since, therefore, three represents the real motivating powers of evolution, the Macroprosopus or the Logos, likewise in Tipharas we find a due and equable reflection in a lesser Logos, the Microprosopus. Were only a few men to exert themselves to discover what they really are, and ascertain beyond all cavil the scintillating refulgence of bright glory and wisdom burning in the innermost heart, and discover the bonds connecting them with the universe, then I think they will have accomplished not only their own individual purpose in life and fulfilled their own destiny, but, what is infinitely more important, they will have fulfilled the destiny of the universe considered as one vast living organism of consciousness.
